

SHEEHAN PHINNEY

Business Lending

We have substantial experience representing banks on C&I and Asset Based loans and routinely represent businesses with respect to their loan facilities (including lines of credit).

Key Matters:

- Represented the collateral agent for \$150,000,000 facility for vehicle financing.
- Represented a national bank in an \$18,000,000 facility to a publicly traded company in the business of selling equestrian supplies internationally.
- Represented a national bank in a \$5,000,000 facility to a distributor of poultry and poultry products.
- Represented national and regional banks in secured and unsecured term loans, revolving lines of credit and letter of credit facilities to various businesses, including retail and manufacturing businesses. Secured loans were collateralized by combinations of inventory, accounts, investment securities and goods.
